## 1 Introduction

### 1.1 Previous Work

Some studies relating scientific output and beer have previously been done.

In Europe, most alcohol is consumed as beer and, based on well known negative effects of alcohol consumption on cognitive performance, I predicted negative correlations between beer consumption and several measures of scientific performance.

hi [? ] hello [? ]

## 2 Results

### 2.1 What beer should you drink

- Becks

- Czech Budweiser
- Duff

Some example from a text file.

All lines between these markers are exported literally
